

Gateway Fellowship Church,

This Sunday, **March 15th**, our regular church service will be transformed from being at Discovery High School to being in ***your HOME***. This is great news by the way. Why? The people of God, the Church, can never be cancelled. Jesus promises us in Matthew 18:20 that “For where two or three come together in my name, there I am with them.” That means we still get to celebrate our faith together, no matter where we are!

Here’s the reason for this sudden change. Natomas Unified School District has closed access to all school facilities from March 13-16th to complete a deep clean on the campuses to ensure more safety due to the COVID-19 situation. This includes where we meet at Discovery High School. We will resume meeting together next Sunday, March 22nd, unless otherwise advised by authorities. As we closely monitor the situation with the COVID-19 in our state, we will keep you posted.

With that being said, we will be moving our Sunday Service online with an option for you and your children to enjoy church at home! In our next email, we will provide a full service online for you to access this Sunday. This will include an option for worship, announcements, sermons in both English and Spanish, and a Children’s devotion through God Time Cards.

Please share this information within your Gateway Fellowship circles. We know that not everyone has subscribed to our newsletters. If someone wants to be added to future notifications, please have them contact Kami at kami.smelser@gatewayfellowship.net, and she will make sure they

are added to the email list.

In 20 years of being a church, this is a first for us. However, we are full of faith to see God work everything out for His good! You can access the sermon in your home from links in our newsletter and on our Facebook page.

We are still believing that the best is yet to come for our church!

With Love,

Pastor Mike Marczak
Gateway Fellowship Church
